# US MEDIA SERVICES

You've got a story to tell. Whether your project is an outreach video, a recruitment DVD, a web-based training program, or an educational brochure, US Media Services helps you tell that story. We design, develop and deliver a full range of media solutions for clients throughout the Federal Government... and we do it under the streamlined, cost-saving umbrella of Rocky Mountain Regional CASU (RMRC).

US Media Services is a division of Post Modern, a Denver-based creative services company. Our on-site facilities include production offices, four video edit rooms, four audio studios and two graphic design and DVD authoring suites. Our strategic partnerships extend across the country and across the media spectrum – from wayside exhibits to interactive media design.

## how we work

US Media Services is a *Prime Contractor* for Rocky Mountain Regional CASU. RMRC is a Federal Interagency service-for-fee acquisition center under the U.S. Department of Health and Human Services – Service and Supply Fund.

Similar to the GSA schedule, the CASU program allows services to be procured using a fast, simple, cost-effective process. All work is done by US Media Services, all contracting is done by RMRC.
